Education

Netaji Subhas University of Technology

Computer Science with specialization in Big Data Analytics (2022 – 2026)

Sector 3, Dwarka, New Delhi

CGPA - 7.92

Red Roses Public School

Senior Secondary Education (2022)

Saket, New Delhi

Percentage - 97

Experience

Full Stack Developer Intern

February 2026 – Present

Abould

Corporate Website

- Spearheaded the *end-to-end development* of a *multi-role enterprise platform* from scratch using the **MERN** stack, delivering a scalable **MVC architecture** that sustained **100% uptime** across a *1-month development phase* and *2-month maintenance lifecycle*.
- Provisioned *cloud infrastructure* via **Hostinger VPS**, *load balancers*, and *SSL certifications*, reducing *security risks* by **95%**; cut *database latency* by **40%** and minimized server-side overhead by implementing **ACID-compliant transactions**, *backend pagination*, and *optimized query indexing*.
- Rescued a *business-critical* legacy project under tight deadlines, independently building a **React/Firebase Admin Portal** that *restored 100% functionality*; integrated **Twilio SendGrid RESTful APIs** for *asynchronous alerts* and engineered a backend module reducing *PDF invoice generation time* by **50%**.
- Orchestrated the *technical recruitment pipeline* by screening **300+ resumes** via *Indeed*, conducting **75+ technical and code-review interviews**; simultaneously managed *end-to-end manual testing* to achieve **100% bug-free production**.

Research Intern

May 2025 – July 2025

Defence Research and Development Organisation

DRDO Bhawan, Rajaji Marg

- Applied *advanced computer science principles* to evaluate **100+ research papers** on **AI Problem Solvability Assessment**, culminating in a *novel algorithmic framework* for **problem classification**.
- Authored and submitted comprehensive research paper* to **2nd IC2SDT 2025 conference** (NIT Delhi).

Projects

Stud.io - Full Stack E-commerce Website | Typescript, React, Redux, JWT, TailwindCSS

[Website](#)

- Architected *high-availability*, scalable backend services using **Node.js** and **Express.js** with a structured **MVC** design pattern.
- Boosted *search functionality* through **debouncing**, reducing *server load* by **50%**, improving *data retrieval*.
- Implemented **JWT authentication middleware** and *role-based access*, mitigating **95% security vulnerabilities**.
- Designed *efficient state architecture* using **Redux/Context** patterns, reducing *component coupling* by **40%**.

To-Doing - Task Management Web Application | Typescript, TailwindCSS, ShadCN, React

[Website](#)

- Developed a *full-stack* task management system with *4-column Kanban workflow*, **35%** improved *user productivity*.
- Streamlined *data retrieval latency* by **60%** by writing highly efficient REST API endpoints for concurrent CRUD operations.
- Utilized **ShadCN** library to develop a *seamless task carousel* and *interactive deadline calendar*.

Technical Skills

Languages: Data Structures and Algorithms (DSA) in C++, Python, JavaScript, Typescript, SQL, C, HTML5, CSS3

Libraries and Frameworks: React.js, Tailwind CSS, RESTful APIs, Node.js, Express.js, Redux, RTK

Developer Tools and Methodologies: Git, CI/CD, Cloud Infrastructure, RESTful Microservices, Object-Oriented Programming (OOP), Postman, Hostinger VPS, Vercel, Render, Twilio SendGrid, JWT, DBMS

Achievements

Recognition at Tech Fest: Secured **Runner-Up** position in **2 competitive events** at *DU ANDC's Overload++*.

Position of Responsibilities at NSUT: **Ex-President** at *Indian Game Theory Society* and *Junoon - Photography Society*; **Ex-Director** at *Venatus - Gaming Society*.

School Topper: Secured **1st rank** in *CBSE XII*; **Subject Topper** in *Mathematics* and *Computer Science*.

Mathematics Excellence: Achieved **National Top 1% ranking**; scoring **100/100** in *CBSE Class X Mathematics*.
